*A gift for conservation is a gift that may  
endure forever. Please consider including  
the Sac County Conservation Foundation  
when planning your financial future,  
writing your will, remembering your loved  
ones or simply hoping to make a  
difference yourself. Gifts in the form of  
memorials, bequests and donations can  
help insure a healthy natural world for  
those generations yet to come.*

***Thank you!***

## Our History

The Sac County Conservation Foundation is a non-profit organization that was formed to help support the conservation, recreation, and educational efforts for the Sac County Conservation Board (SCCB).

The preservation of Sac County's few remaining natural areas is only possible with the generous support of people like yourself. Your contributions, in whatever amount, are appreciated and will be used to protect our natural resources for today and tomorrow.

The Foundation is supported primarily through gifts and receives no tax support or government assistance. You can help the organization grow to become an effective force in conservation. Your contribution will serve as an investment in Sac County and its future.

## Our Mission

The goal of the Foundation is to support the functions and efforts of the Sac County Conservation Board.

Specifically, we help the SCCB in its efforts to conserve and protect natural areas, develop and maintain suitable programs of public recreation, and promote the conservation of natural resources through educational programming.

We accomplish these goals by helping to raise funds designated for various SCCB projects, serving as an organizational base for volunteers, and advising the SCCB concerning the needs of the community in regards to educational programming and recreational resources.

### Foundation Plans and Goals

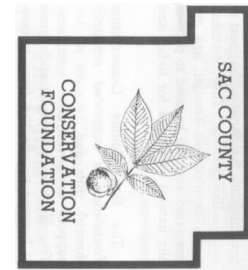

- ◇ Organize fundraising events to support SCCB projects
- ◇ Continue to improve the Sac County Conservation Center.
- ◇ Help SCCB create new outdoor recreational opportunities for people, thus enhancing and promoting outdoor education and local tourism
- ◇ Provide continued support for the SCCB's Environmental Education Program
- ◇ Continue to support efforts to improve and expand the Sauk Rail Trail
